

Baylor's Truett Seminary Matching Scholarships

Partnership Scholarships present an opportunity for the church family of a Truett Seminary student to support that student's calling by investing in his or her theological education. Though Truett awards significant scholarships, these funds are limited to tuition and may not cover tuition in full. A few of the outstanding expenses a Truett student may incur include:

\$365 Vehicle Permit (optional per year)

\$500 Books and Supplies (estimated per semester)

\$6,900 Tuition (estimated per semester)
A student's final tuition rate is dependent upon scholarships received and the number of course hours taken; the estimate is based on a 10-hour course load.

If you wish to support your Truett Seminary student by contributing to a Matching Scholarship, a [Church Matching form](#) must be received along with a check made out to Baylor University.

Please include the **student's full name** and **Baylor ID Number** in the envelope along with the check. These scholarship funds will be deposited directly onto the student's account to help defray costs like those listed above.

Thank you for considering a gift to make seminary education more affordable for our future ministers.
